

# Get started with your PayNuts Pulse

## Turn on the terminal

Press and hold the **Power button** on the left side of the terminal.

## Connect to WiFi

- 1 Press the  icon from the top right corner of the screen.
- 2 Select **WiFi Settings**.
- 3 Toggle the WiFi to **On**.
- 4 Select your network and enter the password.

*Once successfully connected to the WiFi, you will see the icon  on the top right corner of the screen.*

## Complete Logons

- 1 Go to **Admin Menu**
- 2 Press **Logon** (if Logon fails try again)
- 3 After a successful Logon, press **RSA Logon**

**Your terminal is now ready to be used.**

## Just a few pointers to get you started

### Process a Purchase

Go to **Main Menu** >> Select **Purchase** >> Type in the amount >> Press **Done**

*Customers can tap on the top, swipe on the side and insert at the bottom.*

**Note:** Surcharge is automatically applied if amount is more than \$1.00

### Reprint a receipt

Go to **Admin Menu** >> Select **Transaction History** >> Select the transaction & press

**Reprint** >> Choose to reprint Merchant, Customer or Both copies >> Press **Done**

### Print a Pre-Settlement receipt

Go to **Admin Menu** >> Select **Pre-Settlement**

**DO NOT** press the 'Settlement' option, this will perform a settlement and will cause funding discrepancies. Your terminal will settle automatically at the pre-set time.
